Method and device for configuring a link
US Pat. 6487218 - Filed Jan 11, 1999 - Telefonaktiebolaget LM Ericsson
After the **link establishment phase**, an **authentication phase** may follow, ie is
optional. However, if an implementation desires that the peer authenticate **...**

System and method for facilitating device authentication in a wireless ...
US Pat. 6721555 - Filed Feb 18, 2000 - Qualcomm Incorporated
The authenticator indicates the employed **authentication** protocol via a Configure
- Request message sent during a PPP **link establishment phase**. **...**

Optimum routing system
US Pat. 6400722 - Filed Aug 24, 1998 - Lucent Technologies Inc.
19 20 PPP **link establishment phase**, the PPP **authentication phase** and the PPP
network control protocol **phase**. Once these phases are over, the end system is
...

Transparent support of protocol and data compression features for data ...
US Pat. 5768525 - Filed Apr 25, 1997 - U.S. Robotics Corp.
If **authentication** of the **link** is desired, an implementation must specify the
Authentication-Protocol Configuration Option during **Link Establishment phase.**
...

Accounting system in a network
US Pat. 6377982 - Filed Aug 24, 1998 - Lucent Technologies Inc.
This includes the PPP **link establishment phase**, the PPP **authentication phase** 5
and the PPP network control protocol **phase**. Once these phases are over,
...

Inter-working function selection system in a network
US Pat. 6393482 - Filed Aug 24, 1998 - Lucent Technologies Inc.
This includes the PPP **link establishment phase**, the PPP **authentication phase** and
the PPP network control protocol **phase**. Once these 20 phases are over, **...**

Sequence delivery of messages
US Pat. 6414950 - Filed Aug 24, 1998 - Lucent Technologies Inc.
This includes the PPP **link establishment phase**, the PPP **authentication**

Filing date   ◌ Return patents filed anytime
                   ◉ Return patents filed between [Jan ▾] [1970   ] and [Dec ▾]

Patents   Patents **1 - 20** on **authentication link establishment multiple OR plurality processors**. (0.05 sec

Centralized **authentication**, authorization and accounting
server with support ...
US Pat. 6219790 - Filed Jun 19, 1998 - Lucent Technologies Inc.
The computer system 601 includes one or more **processors**, such as
processor 604.
... a **plurality** of **authentication** transport protocol support modules, ...

Method and apparatus for enhancing security in a wireless
network using ...
US Pat. 6961541 - Filed May 24, 2002 - AeroScout, Inc.
Security may also be enhanced through a token **authentication** method
wherein a
second ... but should be understood to contemplate **multiple** discrete
frequency
...

Authentication and security in wireless communication system
US Pat. 7322041 - Filed Jul 24, 2002 - Intel Corporation
In addition to the **multiple** CPE line **link** objects 310, the OTA manager 351
further ... a power supply module 407, and a **plurality** of radio cards 406, ...

Cellular system architectures supporting data services
US Pat. 5729536 - Filed Apr 10, 1996 - Lucent Technologies
Thus a circuit-mode data call consists of two links, a cellular **link** between
the
mobile ... a data DCS having ATM fabric and radio **link** protocol
processors, ...

Telephone based credit card protection
US Pat. 5513250 - Filed Oct 13, 1994 - Bell Atlantic Network Services, Inc.
Voice **authentication** may also be established as an additional parameter
as
previously described. Following initial **establishment** of this service profile,
...

Terminal adapter
US Pat. 5978478 - Filed Jul 9, 1997 - Fujitsu Limited
:o The **authentication** process in the BI channel is now completed. ... The
establishment of a **link** in the B2 channel is now completed. ...

[APPLICATION] Optimization of packet transmission path
US Pat. 10515263 - Filed May 21, 2003 -
User **authentication** information transfer processor F131 that is contained
in ...

Hardware process scheduler and processor interrupter for parallel processing ...
US Pat. 5379428 - Filed Feb 1, 1993 - Belobox Systems, Inc.
5 It is well **known in the art** to implement schedulers in BACKGROUND OF THE ...
The more **processors** or **processing** systems plication because they are ...

Data **processing** system incorporating a memory resident directive for ...
US Pat. 4965718 - Filed Sep 29, 1988 - International Business Machines Corporation
50 In a true **parallel processing** system, each of the **multiple processors** has
access to shared common memory, has access to at least a portion of the system
...

Network adapter utilizing a hashing function for distributing packets to ...
US Pat. 6631422 - Filed Aug 26, 1999 - International Business Machines Corporation
4, depicted therein is an architectural illustration of a typical computer
network system **known in the art**. A **plurality** of client machines 432 are ...

System for supplying streams of data to **multiple** users by distributing a ...
US Pat. 5671377 - Filed Jul 19, 1994 - David Sarnoff Research Center, Inc.
One such IPC bus is contained in a **parallel** thus, a total of 512 **processors** are
contained in the server. **processing** computer known as the Sarnoff Engine ...

Visualization tool for graphically displaying trace data produced by a ...
US Pat. 6057839 - Filed Nov 26, 1996 - International Business Machines Corporation
Parallelism is a term of art which defines a total percentage of **processors**, in
a **parallel processing** computer, which are 50 **processing** data at any specific ...

Shared floating-point unit in a single chip multiprocessor
US Pat. 6148395 - Filed May 15, 1997 - Texas Instruments Incorporated
The theoretical performance of a **parallel processing** system thus can be
much
